IRISH LEADERS IN NEW YORK.

Speculations Concerning the Next Congress.

Decision by Judge Pratt in the Sugar Trust Cases.

Two Receivers Appointed.
By Associated Press.]

NEW YORK, Nov. 3.—Judge Pratt handed down a decision in the sugar trust case, in which he says a receivership is necessary and that two receivers should be appointed. The receivers will take possession of all property and moneys of the trust. It is understood that no person identified directly with the trust will be appointed.

The Judge gives the two parties to the suit until Thursday to agree upon two persons to be appointed as receivers.

A Brooklyn Judge has rendered a decision in the cases involved, known as Cameron against Havemeyer and Havemeyer against the Brooklyn Refinery Company. The Judge justified the original injunction restraining the plan of reorganization, but says it has been superseded by the publication of a plan under the consent of both parties. If, as the plaintiffs say in their own bill, the original trust agreement be void, certainly they ought not to attempt to perform the duties which its language imposed upon them, because such act would constitute further offenses against the law, which would subject the corporations composing the trust to a forfeiture of their charters. The object of the trust having failed, the certificate holder had a right to demand that the affairs of the trust be wound up and he have his share of the joint property. His Honor knows no way by which this can be accomplished, except by the unanimous consent of the certificate holders, or on an application to the Courts.

The news that the sugar trust case had been decided against the trust was not generally known until nearly noon, but before the Stock Exchange opened rumors were freely circulated that a receiver was to be appointed, and there were large crowds of brokers waiting to execute the selling orders received since Saturday. Rumors of the probability of a receivership frightened off buyers, and as a result, the heavy selling caused a sharp decline. Prices dropped 3⅝ to 62, then rallied to 64 on reports that no decision had been handed down, and when the official news adverse to the decision was published the price fell from 64 to 59⅞. The sales in the first hour were heavy, amounting to one-fourth of the entire capital of the trust. While the decline was in full force, the rest of the market became stagnant, and during the greater part of the day the transactions in the sugar trust absorbed all interest.

A New Vanderbilt Deal.
By Associated Press.]

CHICAGO, Nov. 3.—The opinion is that Morgan's visit means a speedy consummation of another Vanderbilt deal more startling than the much talked of Union Pacific and Northwestern deal. The fact is generally known that Drexel, Morgan & Co. hold a controlling interest in the Joliet & Eeastern Belt and Chicago, Milwaukee & St. Paul railroads. The latter have been compelled to take sides with those opposed to the Northwestern and Union Pacific, which is not what Drexel, Morgan & Co. desire. It has been their intention to bring these roads into the Vanderbilt fold.

The opinion is expressed that this will be done as soon as Morgan returns to New York. Those on the inside pretend to know that before many days a traffic agreement similar to that existing between the Union Pacific road and the Northwestern will be made between the Northwestern and the Milwaukee & St. Paul, and it is even predicted by some that a consolidation of the two systems will be made. The attitude lately assumed by the Union Pacific indicates that something of the sort will be done. The Northwestern alone could give the Union Pacific all the west-bound traffic it needs, but with the Milwaukee & St. Paul added, which connects with the Union Pacific at Kansas City, Omaha and Sioux City, the latter would have all the feeders it needs and can defy all other connections.

The Elgin, Joliet & Easton connects with all of the Vanderbilt lines east from the Chicago, Milwaukee & St. Paul and Chicago & Northwestern systems, and by the use of those connecting links the Vanderbilt lines, east and west of Chicago, will be able to transact through traffic without going through Chicago and paying heavy terminal transfer charges. The consummation of the deal, as outlined in the foregoing, will give the Vanderbilts absolute control of the gigantic railway system from New York to Ogden, Utah, and all they would want would be the control of the Central Pacific branch of the Southern Pacific to give them independent lines through from the Atlantic to the Pacific Oceans, with terminals both at San Francisco and Portland, Oregon, by the Oregon Short Line of the Union Pacific, which is already furnishing an outlet to the latter point. The fact that negotiations are already going on between the Vanderbilts and Leland Stanford and other owners of the Southern Pacific, with the view of obtaining possession of the interests of those parties in the Southern Pacific has already been mentioned, and there is a probability that Vanderbilt will acquire control of the property.

COAST DISPATCHES.

A Destructive Blaze—The Grand Hotel in Ruins.
By Associated Press.]

SAN FRANCISCO, Nov. 3.—Shortly before 3 o'clock this morning a fire was discovered under the Burlington House, adjoining the Grand Hotel, in the basement of the store occupied by Huster Bros. & Co., dealers in paints and artists' supplies. The flames spread rapidly throughout the basement of the block bounded by Market, New Montgomery, Stevenson and Second streets, and then spread to the first floor occupied by the Hall Safe and Lock Company, Hill & Goldman, druggists' supplies, Board of Trade rooms, Pullman Palace Car Company's office, the Great Western Railroad ticket office and the Syndicate Investment Company. The smoke in the meantime had aroused the inmates of the Grand and Burlington, and the frightened guests rushed to the sidewalk with what valuables they could carry. The fire soon shot up though the freight elevator, in the rear of the Grand Hotel, and a disastrous conflagration was looked for. A general alarm brought the remainder of the fire department to the scene. The front of Huster Bros. & Co.'s store blew out with a loud explosion, and a large volume of smoke poured out almost overcoming the firemen. Jacob Underhill, a wine merchant, was overcome by the smoke in the Grand Hotel, and was carried out unconscious. Cashier Weeks of the Grand, who is crippled, was almost overcome when he was assisted out by the elevator boy. There were several other narrow escapes. By 5 o'clock the flames had spread along the eastern end of the block, and was bursting from the roof and windows. The wind was slight, and the efforts of the firemen to confine the fire within the block occupied by the Burlington and Grand were successful. About 6 o'clock the roof of the Burlington Hotel fell in, carrying a part of the Grand. In a short time the interior of the Burlington was a complete wreck, and the front of the Grand, on Market street, was also a ruin. The western end was saved. The first floor of the Burlington, on Second street, was occupied by C. H. Hirst, millinery and novelties, C. P. Downing, proprietary medicines, and E. H. Wardwell, window shades and fixings. These were gutted, as were also Huster Bros. & Co., the Board of Trade rooms and Burr's Folding Bed Company's. The places of business on Market street of the Southern Pacific and other ticket offices under the Grand, together with Fay's saloon, were damaged by water. The Grand Hotel was opened in 1870, by Messrs. Johnson & Co., and at that time was considered one of the finest hotels in the world. It was four stories high and had a frontage of 100 feet on Market street. Two years ago about half of the block was leased to other parties, and was called the Burlington Hotel. The total loss, including the buildings, stores, furniture and stocks, is estimated at $1,500,000.

LATER—The interior of the Grand Hotel was not damaged to the extent at first believed, and it is now stated the total loss will probably not exceed one-third of the first estimate. Mrs. Burlington estimates the loss on her furniture and fixtures at $20,000, Huster Bros.'s loss is $40,000, E. H. Wardell, $10,000; fully insured. The Grand Hotel bar was badly damaged by smoke and water. The fine collection of minerals and exhibits of the State Board of Trade is believed to be an entire loss.

Individual losses cannot yet be accurately determined, but Hill & Goldman, dealers in druggists' supplies, lose about $2500; the Hall Safe and Lock Company about $5,000; Ned Fay, proprietor of the hotel bar, estimates his loss at $8,000 or $10,000; Charles Laubenheimer, barber shop, $200; insurance, $800; John Denton, trunk manufacturer, $10,000; insured; ex-Postmaster Bryan's drug store loss between $5,000 and $7,000, insured. Water in many instances did as much if not more damage than fire. The losses on the Burlington building are estimated at between $80,000 and $90,000.

WE take pride in calling the public's attention to our telegraph page. No paper published east of San Francisco or west of Chicago can show a better one. We intend to make the GAZETTE the best newspaper in the State of Nevada. We do not ask that anything be given us that we do not earn, but believe that as good a newspaper as the GAZETTE will meet with a just recognition.

W. B. DAUGHERTY has connected himself permanently with the GAZETTE, and on the first of the year he will take Mr. Linn's place as telegraph and news editor. He is authorized to collect any and all bills due the paper, and transact any business in connection therewith. Any contract made with Mr. Daugherty will be duly recognized.

Things To Be Remembered.

Cleveland's administration drove from 15,000 to 20,000 people out of the State, as follows: When Cleveland was elected silver was $1 12 per ounce; when he was defeated it was reduced to 89 cents. This closed nearly all the mines of Esmeralda county and many in Eastern Nevada. The Republican party, without a Democratic vote, has raised the price of silver to $1 06, and when the bill has full operation will raise it permanently to more than $1 15.

When Cleveland was elected lead was from 5 to 6 cents per pound; When Cleveland was defeated it was only 3 1-2 cents per pound. This result was produced by an erroneous construction of the law by Cleveland's administration, whereby the duty on lead of 2 1-2 cents per pound was removed. Silver ore was on the free list and lead ore containing silver was admitted free, which let in the lead ores of Mexico, mined by peon labor, and destroyed the lead interest of the United States. The McKinley bill corrected this erroneous construction and imposed a duty on lead in silver ores. This has raised the price of lead to 6 cents per pound, and made a difference of $40 a ton on all the lead produced in Eastern Nevada, which to our State is almost as important as free coinage.

By the laws the miners in the State are authorized to cut timber for mining and domestic purposes, notwithstanding the plain letter of the law and the uniform decision of the U. S. Courts. Cleveland's administration brought suit against all the miners of Eastern Nevada for cutting timber for mining purposes, seized the wood piles and closed all the principal mines. These suits have been dismissed by Harrison's administration. The census shows the result of Democratic rule in Nevada. The people are resting under Harrison's administration. The mines and mills in Esmeralda, Eureka, White Pine, Pioche and other sections are starting up. The question is, shall our delegates in Congress who have secured these results and have also secured for Nevada protection on borax and the tariff on wool, which will increase the value of the wool production in Washoe county alone at least $40,000 this year, be sustained and approved. The election of a Democratic Governor will paralyze their efforts and prevent much needed legislation in the future, such as unlimited use of silver as money; payments of $400,000 due the State for money expended in the suppression of the Rebellion; Indian war claims, and above all, securing for the State the donation of the public lands to be used in aid of irrigation. The entire West is Republican. Nevada must unite with the other Republican States if we expect to have any influence in Congress.

DON'T scratch Fletcher to-morrow for Assessor, for he will make a good one.

H. W. HIGGINS will make a good clerk, so run him in.

Political Good Sense.

Every branch of our Government, County, State and National, will be Republican for a number of years at least, and for Nevada to swing into line with a Democratic Governor will be of National consequence. It will jeopardize the State's interest in many ways. Our Senators and Congressman have stood firmly for free coinage, and have achieved much in the struggle for that object. A defeat now will remove State support from under them. Our Indian war claims, amounting to many hundred thousands, should not be risked, and our four hundred thousand dollars of war claims that has to be all worked through the departments at Washington should have a Republican State behind them. Two Government buildings will come to Nevada this winter unless we are upset at the election. Senator Stewart's bill to get the donation of lands for Nevada needs Republican support. Upon its support depends the reclamation of this State.

The Democratic administration stopped surveys in Nevada and blocked the issuance of patents under an old grant entirely. To place Nevada in the Democratic ranks will be poor encouragement for her Republican friends to struggle for her benefit. To elect the Republican ticket places her in full sympathy with the National Government, and in all these matters we will have friends at court.

LET every good citizen make up his mind to vote for W. H. Caughlin for Sheriff to-morrow, and thereby get a man in the office that will represent the whole people. He will be bossed by no one man, for he belongs to no clique or ring and will make a Sheriff that the people can bet their last dollar on. His life has been an open book among us for twenty years past, and not a blot appears on any of its pages, and a man with a record like that can afford to ask the people to put him in a place of trust, for Billy Caughlin will never betray that confidence.

W. H. YOUNG is the Republican nominee for County Recorder. He is in every way qualified to perform the duties of the office to the satisfaction of the taxpayers, and why should his name be scratched? If the Republicans all vote for him he will be elected by at least one hundred and fifty majority, and why not stick to Judge Young.

Make No Mistake

If you decide, from what you have heard of its cures or read of its merits, that you will take Hood's Sarsaparilla, do not be induced to buy something else which may be claimed to be "about the same" or "just as good." Remember that the sole reason for efforts to get you to purchase some substitute is that more profit may be made. Firmly resist all inducements, and insist upon having just what you called for, Hood's Sarsaparilla. Then you will not be experimenting with a new article, for Hood's Sarsaparilla is

Tried and True.

"In one store the clerk tried to induce me to buy their own instead of Hood's Sarsaparilla. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was, I had taken it, was perfectly satisfied with it, and did not want any other." MRS. ELLA A. GOFF, 61 Terrace Street, Boston, Mass.

We Are All Taking It.

"We could not be without Hood's Sarsaparilla. It is the best medicine we ever kept in the house. My family are all taking it." MRS. J. M. BARKER, San Joaquin and Fremont Streets, Stockton, Cal.

THE DEMOCRATIC PLATFORM.

Recognizing the true worth and straightforward manner in which the Democratic State Convention, held in Reno. Sepember 12, 1890, presented to the people its platform, and the completeness of its scope, we reassert the principles therein contained, and indorse it as a part of the platform of this Convention.

We lay especial stress upon the doctrine of the election of honest and capable citizens of the State and county to office; of securing a free and intelligent exercise of the ballot; of restraining corporative abuses and usurpations; of adjusting and equalizing taxation, and of perpetuating the fair and honorable name of Washoe county.

We utterly repudiate the idea that to be successful in sustaining our principles we should bow down and worship the golden calf

In particular we indorse the Democratic State platform in denouncing the present ill-advised and impracticable law passed by a Republican Legislature, requesting the use of waste water for irrigation, and for setting the priority of right thereto, and demand the repeal thereof.

We pledge the nominees of this Convention to the economical and honest administration of the offices of both State and county.

There is no article in the line of the best family groceries that cannot be had at E. C. Leadbetter's. He keeps no second-class goods.

Miss Emma Gibb's Virginia street millinery store continues to be patronized by those in want of the latest in both hats and bonnets.

Under the management of W. T. Craig, the new proprietor, the Arcade Hotel and Restaurant continues to sustain its reputation as being first-class in every respect. Good airy rooms and as good beds as can be had in the town.

"Is this the best?" Is the question often asked, when medicine is wanted The following are a few of the medicines of known reliability, sold by Shoemaker & Co., druggist of this place. They have many other excellent medicines, but these are worthy of especial mention:

Chamberlain's Cough Remedy, famous for its cures of severe colds, and as a preventative for croup. Price 50 cents per bottle.

Chamberlain's Pain Balm, a general family liniment and especially valuable for rheumatism. Price 50 cents per bottle.

Chamberlain's Colic, Cholera and Diarrhœa Remedy, the most reliable known medicine for bowel complaints. It is especially prized by persons subject to colic. It has cured many cases of chronic diarrhœa. Price 25 and 50 cents per bottle.

St. Patricks Pills for disorders of the liver and bowels a vigorous but gentle physic that cleanses and renovates the whole system. Price 25 cts. per box.

Chamberland's Eye and Skin Ointment. For tetter, salt rheum, scaldhead, eczema and chronic sore eyes. Price 25 cents.

Happy Hoosiers.

Wm Timmons, Postmaster of Idaville, Ind, writes: "Electric Bitters has done more for me than all other medicines combined, for, that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find the Electric Bitter to be the best Liver and Kidney medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c. a bottle at Wm. Pinniger's drug store.

A Cure for Sick Headache.

This distressing complaint is due to an inactive or sluggish liver with constipated bowels which derange the stomach and disturb the nervous system, causes dizziness and an oppressive dull pain in the head, often so severe as to prevent all rest or sleep. One of Dr. Gunn's Improved Liver Pills will relieve you of all the pain and misery and a few more doses will correct the liver and stomach and regulate the bowels. While these pills are small, easily taken, and mild and gentle in their action there is no medicine made that will so effectually cure sick headache. 25 cents a box. Sold by S. J. Hodgkinson.

Remarkable Rescue.

Mrs. Micheal Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at W. Pinniger's Drug Store, large bottles 50c. and $1 00.

The question has been asked. "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasanter cathartic effect, are more certain in their action, and that they not only physic but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Shoemaker & Co.

The Place to Buy.

A. Nelson, of the Free Intelligence Office, Virginia street, carries a fine stock of the best tobaccos, Havana and Key West cigars, notions, cutlery gents' underwear, overalls, buckskin gloves, suspenders and Dr. "Willey's Discovery."

Fryer's Abietine, natures remedy, obtained by distilling and exudation from the Abietine tree found only in the Sierras of California. C. B. King of Stockton, Cal., says: "I have used Abietine for cuts, scalds, burns, bruises, etc., found it efficacious in every instance." The genuine and original bears the fac-semile signature of D. F. Fryer. Sold by Wm. Pinniger.

FIREBUGS ABOUT.

Two Attempts Made to Fire the Town.

Last Saturday evening, shortly after 8 o'clock, as nightwatchman Nash was making his regular rounds, he discovered that a large pile of slab wood in the alley back of Stroh & Co.'s saloon was on fire, but by prompt action on his part and such assistance as he was able to call the blaze was soon under control without a general fire alarm. The woodpile where the fire was started was well saturated with kerosene, showing it was no accidental spark that had started the fire.

Hardly had this blaze been subdued when another fire was started back of the Palace and Arcade Hotels, just at the point where they join, which was also soon under control. This had also been started with coal oil, which had been liberally thrown onto and between the two buildings.

Both of the above attempts were made about the close of the street parade by the Democratic Winters Club, and while the Republicans were convening at Armory Hall, the scoundrel evidently thinking the fire would be beyond control before help could be summoned.

Should the perpetrator of the above or any similar attempt be discovered, it is not likely that, with the exception of a Coroner's inquest and a pine box, the county will be put to any expense.

Voters Are Kings To-Morrow.

To-morrow the voters of Nevada will execute the highest privilege accorded to the American citizen; they will exhibit a power more potent than is possessed by any people anywhere on the face of the earth, for here freedom is not limited but absolute. Each voter is clothed with more than the dignity of a king and armed with a power that if used aright can cause a throne to tremble. It is the scene of freedom's blessing—the undisturbed right guaranteed to every American to express his choice and reference for who shall be the public servants. It is as sacred as his birthright and should be guarded as jealously as his honor. It will be apparent to-morrow in

A weapon that falls as silent
As the snowflake on the sod,
But executes a freeman's will
As the lightning does the will of God.
And from its force no doors nor locks
Can shield you; 'tis the ballot-box."

Election day offers the opportunity for the citizen's sacrifice to duty, and he who dedicates the day to that purpose faithfully and honestly, serves his country as only a freeman can.

MORNING WORK.

When the Mind Is Entirely at Rest.

The well-known millionaire, ex-Congressman George West of Ballston, N. Y., says he solves many of his most perplexing business problems while in bed, in the early morning hours. Commenting on the fact, he remarked that some one once told him that the late Commodore Vanderbilt had said: "Young men talk about getting up early in the morning to go to work. While they are puzzling themselves at their desks over business propositions I lie abed, think them over, and find the solution before I go to the office." This confirms the conclusion of many others, that one's thoughts are clearer while he is in a recumbent position than at any other time. This may arise in part from the fact that in the early morning the mind is rested, and one is usually free at that time from intrusion. Thus concentrated effort is facilitated.

Named After the Lord.

Old Pete Robinson, who lived at Worsham, Va., is a pious negro, who jogged along with his wife for many years, naming a new baby every year until seventeen unbleached olive branches bore Scriptural names. Then came a surprise. One morning the Presbyterian minister, while taking his constitutional, met Pete.

"Good morning, Peter. You seem to be very much pleased with something."

"Yes, sah, I is. Yeh see, de ole 'oman 'creased de family las' night."

"Ah, indeed!"

"Yes, sah, dar's two mo' little lam's ob de Lawd."

"Indeed! And what will you name them?"

"Gwine ter name 'em bofe arter de Lawd—gwine ter call 'em Messiar an' Halloway."

"Messiah and Halloway! Where did you get that name Halloway?"

"Hi, man! Don't de Lawd's pra'r say 'Halloway be Thy name?'"

The Carlton Opera Company.

The coming of the Carleton Opera Company is without doubt the theatrical and musical event of the season. "The Brigands" is the opera selected for this engagement, and it is an excellent work for the display of vocal and dramatic ability, which is so strongly developed in Mr. Carleton's company this season. The San Francisco press is unanimous in saying that the "Carleton's" are stronger than in any previous season. "The Brigands" has been the principal opera in the repertoire for the past year. The engagement is for one night only, and it is safe to predict an audience which will test to the utmost the seating capacity of the Opera House. All amusement lovers should not fail to see this performance.

No Second Money.

The Carson *Tribune* says: The Republicans hereabouts are offering odds on Colcord's election, but the Demmys don't show any disposition to wager a cent on Winters. Unfortunately for Theodore there is no second money in this race.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhœa. Twenty-five cents a bottle.

A Disease Unaccountably Prevalent.

The prevalence of ailments attributable to miasmatic poison in the air that people breathe, and the water they drink, is well nigh unaccountable. Not alone in pestilential swamps, badly drained surburban districts, and marshes exposed to the sun's rays by the receding tide, is this scourge of humanity found. Even in great cities, healthfully located, skillfully sewered, well looked after in every respect in a sanitary way, we find malaria. Its presence is often inexplicable, but its attacks are always preventable. The protector is Hostetter's Stomach Bitters. The eradicator bears the same name—a name known to thousands throughout our broad land and elsewhere as a synonym of relief, prevention and cure of the insidious disorders in its abominable phases—chills and fever, bilious remittent, dumb ague and ague cake, as well as others. Nor is the Bitters less effective for indigestion, kidney complaint, biliousness and rheumatism.

The Best External Remedy.

S. J. Tidwell, Haley's, Marion county, Alabama, writes:

"Allcock's Porous Plasters are a most invaluable household remedy. They do all that is claimed for them. I sell many hundreds every year, and every day I hear of them curing coughs and colds, diseases of the spine, liver and ague cake: in fact, there is no disease that can be reached by an external application that they do not cure."

Be ware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

Allcock's Corn and Bunion Shields effect quick and certain relief.

Improved digestion and assimilation produce disorded conditions of the system which grow and are confirmed by neglect. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier, by its tonic properties, cures indigestion and gives tone to the stomach. $1 00 a bottle.

CORNERED HIS ENEMY.

What Came of Sleeping on a Business Proposition.

A druggist had fitted up a neat corner store and had established a fine trade. One day another druggist entered his store and said: "I want to buy you out. How much will you take?" "I do not want to sell," was the reply. "I expected that answer," said the encroaching person, and I am prepared for it. Now, if you don't sell out to me, I will open a drugstore in opposition on the opposite corner. How much will you take?" The druggist, offended at this species of browbeating, said he would sleep on it and report the next morning. At the appointed hour the aspirant was in the store, and a large price was named. The bargain was bound. The druggist who had thus been ousted from a corner which he had fitted up with a view to years of peace and profit, sought the owners of the opposite corner which had been held out to him as a threat, secured a long lease on it, worked night and day, and now has a drugstore in which any community might take satisfaction and repose confidence. What is more, he is doing a better business than he did in the former locality.

A COMMENDABLE RULE

Which Governs the Vanderbilts' Households.

It is said that there is a rule in each of the Vanderbildt households that whatever the cost of running the house, the same amount in each instance is given to the poor. A book of expenses for this purpose is kept and in it are recorded all of the household expenses, including even the hire of servants and the cost of boxes at the opera. So that whenever the expenses of these families increase, the donations to the poor are increased correspondingly. One can fancy how large these donations must be from the statement that in one of the families there are no less than thirty servants, while the family expenses will probably run up to several hundred thousands a year.

Strange Cattle Disease.

The *Lyon County Times* says: George Plummer of Mason Valley has a cow that is afflicted with a strange disease. Some weeks ago the animal refused to eat much fodder, and later on her hide began to crack. The hide around the animal's neck and shoulders has now all turned back from the flesh, leaving the flesh exposed and raw. The animal still lives, but other cracks in her hide are appearing. From the cracks the skin rolls back like a piece of burnt leather. It is the most peculiar cattle disease ever known, and no one seems to know what causes it or how to cure it.

Roll of Honor.

Following is the report of the Anderson school in scholarship and deportment, respectively, for the month ending October 31, 1890: Hattie Peckham, 99, 99; Charley Glazier, 98, 99; Arthur Peckham, 98; 98; James Peckham, 97, 98; Ethel Peckham, 97, 97; Bessie Welden, 97, 96; Bertie Welden, 96, 97; Pearl Morton, 95, 95; Leroy Welden, 95, 90; Mabel Morrill, 90, 90. Number of pupils neither absent nor tardy, 4.

A Dead Body Afloat in the River.

About 4 o'clock last Saturday evening a Chinaman reported to Constable Upson that he had, a few minutes before, seen the dead body of a white man float under the V. & T. bridge; that he had on blue overalls and jumper, and that one foot was bare, while the other was covered by a boot or shoe. Mr. Upson immediately went down the river as far as the Asylum, where he waited until nearly dark for the arrival of the corpse, but it did not show up.

A LOST ADDRESS.

A Trinidad Lady Writes to San Francisco for It.

Mrs. Harriet McNamara of 319 State Street, Trinidad, Colorado, while visiting in St. Louis last summer, did not suffer with her usual sick headaches and indigestion. But upon her return to Trinidad her old troubles came upon her. It was not the St. Louis climate that did so much for her. The secret is told in the following letter, received by Thomas Price & Son, the well-known assayers of 524 Sacramento Street, San Francisco. Mrs. McNamara writes:—

"Three months since I was visiting in St. Louis, and obtained two bottles of Joy's Vegetable Sarsaparilla. It was of great relief to me in my headaches and indigestion. Since my return to my home in Trinidad I feel the need of it, and as I have lost the address I write to you to ask if you will not kindly forward this letter to the proper number in San Francisco, and have me sent a few more bottles of this valuable vegetable compound."

People having used Joy's Vegetable Sarsaparilla once send hundreds of miles to get it again, as in the above instance.

The Great Spring Medicine.

It will be gratifying to all who realize the vital necessity of purifying the blood, to know that Hibbard's Rheumatic Syrup can be relied upon as a blood medicine. Mr. B. C. Robinson, of Marshall, Mich., says:

GENTLEMEN—I have suffered intensely from biliousness and rheumatism for over three years and had tried so many remedies that I had lost all faith. Hearing of Hibbard's Rheumatic Syrup I bought a bottle and found it helped me. I have now used four bottles, and it has restored my liver and kidneys to healthy action, and done more to purify my blood than anything I have ever taken. I am pleased to recommend it as a wonderful blood medicine

Yours very truly,

A Peremptory Demand.

The refusal by Governor Francis of Missouri of his warrant for the return of F. B. Parker, the Pendleton (Or.) embezzler, has called down upon his head the wrath of Governor Pennoyer, who has telegraphed him that he has neglected to discharge the duty imposed upon him by the Constitution of the United States, which he has sworn to obey. A peremptory demand for Parker's surrender accompanies the telegram.

PLATFORM & RESOLUTIONS

Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

[illegible] record of the Republican party is [illegible] platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of State as to encourage the development and settlement of a continent, none has so elevated a nation and so contributes to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the representative of all that is best and noblest in its own country and the hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The deeds of its heroes are legion, and deeds of Fremont, Lincoln, Grant, and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily indorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressmen are paid by the people for making good laws and not bad politics.

It had, by a strict party vote, placed the silver question on a basis that will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business like way, such as will protect the interests of labor and at the same time encourage capital and enterprise that will furnish it with employment at good wages.

New States, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grew rank under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We indorse the Administration of President Harrison, and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration silver and wheat touched the lowest price ever known, and farmers burned their corn for fuel. Trusts were stimulated, finances disarranged, strikes prevailed, the mail service was demoralized, and business found itself oppressed instead of being encouraged by the methods of the Government whose whole business should be to benefit the country.

To-day silver, wheat, lead, and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity, they are culpable for the results of blunders as they would be for crimes. Under Harrison, Chinese and contract labor are kept out of the country, American laborers and mechanics protected, agriculture is encouraged by a department intelligently conducted for its benefit, and the laws administered in a wise, firm and patriotic manner. In presenting its ticket to the voters of Nevada, the Republican party pledges its nominees to retrenchment wherever it is possible in county and State expenditures.

We pledge our nominees to a system of State improvements which shall save the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We indorse the measure introduced by Senator Stewart proposing to cede the lands within our lines to the State for the purpose of aiding to improve our water storage and irrigating systems, and we appeal to Congress and the President to grant this much-needed aid.

We indorse the course of our Senators and Representative in Congress, and commend their efforts to establish on a better basis the use of silver as money, and we reaffirm our uncompromising demand for the free coinage of both gold and silver and their equal station in our national currency.

Whereas, The practice of letting mail contracts in this State to non-residents thereof, who seek and obtain such contracts only for the purpose of subletting the same, has resulted in an inferior and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen in his rights at home and abroad, the fostering of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as at the coming election the question as to whether or not a Constitutional Convention will be held is to be submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and possible retrenchments in public affairs, and especially in dispensing with unnecessary officers and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of this convention, and earnestly ask that the nominees of the several county conventions be likewise obligated.

A RESUSCITATED CAT.

The Strange Story of the Ghost of a Brooklyn Feline Pet.

"Doc" is a fine, big, sleek-coated cat which lives in the "always-open" drug store near the city hall, Brooklyn, and which is always admired by customers, says the New York Times. Where it came from is a mystery to the clerks in the store. In fact, the cat is regarded with some awe because of the peculiar manner of its appearance.

Several years ago there was a cat in the drug store, also called the Doctor, with fine markings of a Maltese pattern. A good-dispositioned animal, he had many friends, and waxed fat as time went by. One night, however, there happened to be a show at the old Brooklyn Theater, in which a troupe of large dogs starred.

The theater was just across the way from the drug store, and one of the dogs happened to drop in to the apothecary shop. The Siberian bloodhound spied "Doc" and made for him. The cat was caught unawares behind some boxes. Game to the end, however, he whacked the bloodhound across the ear with his paw. The big brute then seized the "Doctor," gave him one shake, and "Doc's" last hour had come. To make his death painless a big dose of prussic acid was given and the remains consigned to an ash barrel.

Two weeks afterward in walked the present feline representative of the store—with exactly the same markings, the same size and of the same sex as his predecessor. The cat startled the clerk. "Why, 'Doc,' where did you come from?" he said, whereupon the big cat jumped to his shoulder and purred in the same bass voice of the old "Doctor."

This cat has remained in the store ever since, and the clerks are still in doubt as to whether it is the old cat or a new one. There are no signs of the surgical operation, it is true, but the animal is otherwise the exact image of the original "Doctor." The same habits are observed and there are other signs that would point to his being a resurrected cat.

Now the "Doctor" is fat and lazy. He allows no other cats on the corner. Precisely at 2:30 a. m. he ascends the elevated railroad steps and jumps from the station over onto the roof of the store, where he remains till day-break. What he does there no one knows. No mice or rats ever enter the store, and the "Doctor" does not get much live food. He is very fond of soda water, and sometimes attempts to turn on the faucets in the fountain with his paw. He sleeps in a corner under the prescription counter and uses a fine soft sponge for a pillow. He has been known in a fit of curiosity to taste liquid drugs, but they seem to have no effect on him.

THE POOR MODISTE.

A Suggestive Peep Behind the Scenes at a Fashionable Dress-Maker's.

We then went with Lilla, says the London Truth, to have her new traveling dress tried on, a very nice composition in gray crepon and silver braid, with a sweet little coat to match, lined with Tartan silk. The fit proving satisfactory, Lilla said she would take the gown home with her in her carriage, and asked for the bill.

"Bad form, I know," she said to me when the proprietress of the establishment left the room to have the account made out, "but I always pay at once for a gown that really fits. It acts like a charm, Madge. For those that don't fit or that I've had a lot of trouble in trying on I never pay under six months; in bad cases a year."

When the beautifully dressed modiste came back she said:

"Do you wish to pay now, madame?"

"Yes," said Lilla, "because the gown fits so well. And remember, Mme. Dash, that I always pay at once in such cases."

"Oh!" said madame, "I wish every body was like you. I can't get any of my accounts paid. Ladies do not realize what our position is with regard to ready money. We have to pay our work girls every week and monthly salaries to our fitters. I give my premiere £300 a year and pay for her board and lodging, and her wine. The firms from which we get our expensive materials and costly embroideries only give us a month's credit. The landlord expects his rent to be punctually paid. This means a constant flow outward of money and there is hardly any coming in."

Tears stood in the poor woman's eyes, and she looked pale, haggard and worn out.

"But why don't you dun these women?" asked Lilla, in her sharp, abrupt way.

"If I did, madame, they would never come to me again. They do not like being asked to pay."

She looked so miserable as she said this that I felt quite sorry for her, and asked if she was going out of town to have a nice rest after the fatiguing season.

"I can not, madame," she said, "unless some of my ladies pay me. I have never had so busy a season, and have never before made up such a number of expensive dresses. This is why I am so very hard up."

"And when will you get paid?" asked Lilla.

"Some will pay in six months, others in a year, but many of my customers never think of paying an account until it has been owing two years at least."

The Decimal Point.

In France and Germany ¼ reduced to a decimal is written 0,25, in England it is written 0·25; in the United States it is always written either 0.25 or simply written .25 without the naught. In the first two countries the period is never used, always the comma. While English writers use the period they never put it at the bottom of the line as we do, but always use it thus: 0·25. This style is said to have been introduced by Sir Isaac Newton, who placed it at the top of the line to distinguish it from the punctuation mark.

A Sole Leather Calculation.

There are 300,000 of people that walk about the streets of London daily, and in so doing they wear away a ton of leather particles from their boots and shoes. This would in a year form a leather belt six inches wide and one-fourth of an inch thick long enough to reach from London to New York. The amount of disintegrated leather at 25 cents a pound (what it costs consumers) would amount to $25,000. Reduced to a strap one inch in width it would reach more than once around the world.

KISSES.

(A la Romeo and Juliet.)

A prominent physician calls the kiss "an elegant disseminator of disease." He says, "fever is spread by it, so are lung diseases." Out upon the gnarled and sapless vagabond! Evidently kisses are not for such as he, and the old fox says the grapes are sour. Let him devote himself to making our women healthy and blooming that kisses may be kissed. This can surely be done by the use of Dr. Pierce's Favorite Prescription, which is simply magical in curing diseases peculiar to females. After taking it for a reasonable length of time there will be no more irregularity, backache, bearing-down sensations, nervous prostration, general debility and kindred ailments.

It is the only medicine for women, sold by druggists, **under a positive guarantee** from the manufacturers, that it will give satisfaction in every case, or money refunded.

THE PLATFORM:

The Republicans of Washoe County, in convention assembled, renews its pledges of faith in, and allegiance to the doctrines and principles of the Republican party, which in the future, as in the past, will continue to vouchsafe to the people the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of Government.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City as a manly and conservative declaration of principles suited to the necessities and demands of the people of this State, and strangely in contrast with the billingsgate and ribaldry of the Democratic indictment which was presented by the Grand Jury of that party, in their recent State Convention.

We recognize in our delegation in Congress, Hons. John P. Jones, Wm. M. Stewart and H. F. Bartine, able and efficient public servants, who have been untiring in their efforts to promote the interests of the people of Nevada, as well as those of the whole country; and we desire to accord to them that full meed of praise which their valuable services so pre-eminently merit.

That we commend the wise and conservative administration of President Harrison, who has redeemed the pledges so solemnly made to the people in the National Republican Platform, and has fully justified the confidence reposed in him by the suffrages of the American people.

We endorse the action of the Republicans in Congress in increasing the tariff on wool, so as to encourage the production of staples hitherto imported, which Grover Cleveland, in a special message recommended to be placed on the free list; and in the passage over Democratic votes, of a silver bill which has increased the value of the product of our mines more than ten million of dollars, added seventy-five million to the value of our wheat crop, one hundred million to the oat crop, and two hundred million to the corn crop of the United States.

It is with profound sorrow that the Republicans of Nevada received the news of Hon. C. C. Stevenson, late Governor of this State. We deplore his loss in the counsels of the party, where he was ever ready by word and deed to advance her interests in every honorable way; and the whole people of the State have been deprived of the services of an honest and conscientious public servant, his family of a kind, indulgent and affectionate husband and father; and to the bereaved members of his household we extend our most profound and sincere sympathy.

It is the sense of this convention that the best way to promote and foster the upbuilding of Nevada is to provide and maintain good government, with a system of low taxation, and to this end we favor the most rigid economy in every department of the public service and the enactment of such legislation as will secure to the people of the State the lightest possible burdens, without material injury to the administration of affairs.

We demand that the membership of the Legislature be reduced to forty, their per diem to be six dollars per day, and their mileage to actual and necessary traveling expences in going to and from the State Capital.

We are in favor of the donation of the public lands to the State to be used for a basis of water storage and reclamation; at this same time we call attention to the fact that a large portion of our previous grant is much exhausted, and can be used for these purposes without waiting for additional appropriations.

We are in favor of the use under wise plans and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for new citizens and adding to our taxable property; and we recommend that our Senators and Assemblymen give this matter their careful attention adopting the system which promises the greatest good to the State, giving it their solid support.

We are in favor of the acquisition, either by State or county, of the control of the water storage sites of the Truckee basin, so that they may in time be made useful to the public, without the possibility of their falling into the hands of private monopolies.

We are opposed to bonding Washoe county for any purpose until the question is first submitted to the qualified electors of the county or district upon which the bonds are to be issued, for their approval or rejection.

It is the sense of the Republicans of Washoe county that a Constitutional Convention is necessary in order to secure such reforms in the public service as our small population and material resources demand, and we therefore most earnestly urge upon the voters of this county to cast their ballots in favor of such a convention at the coming election.
